Manage my books OK

PDF to Professional Page-Flipping eBook Utility User Document

You can click "Manage Online Books" button  in main process interface to manage your uploaded in below window:

In the book manage window, you can check your publications, share them with others, edit book info, hide your book to prevent other people from reading your book, even delete it if you want to edit again.

You will get 5 free points after registering, and a point can be used to upload a book within a month. You can purchase more points to use based on your needs, and more points purchase at a time, you can get order with more discount.

Within 24 hours of the first start service for each book will not charge, and a point will be deducted after the 24 hours. If you delete or disable the book within the month, the service center will stop charging you in later months, or if you enable the book again in the same month, you won't be charged again. Should be noted that, if you disable the books within the first 24 hours, the system won't charge, but if you enable the books in the period after this 24 hours, the system will immediately charge points. And once your surplus points are not enough to pay for all books service, the system will enable related number of books, but disabled the other ones.

There is another charge method if you have dozens of even hundreds of books to upload a month, monthly charge \$9.99 to upload 1000 books a month. You can transfer to VIP User to pay monthly in the "Account Info" panel of online manage page:

<http://panel.flipbuilder.com/userLoad/accountInfo.php> .
